Independent Assurance Conclusion

Opinion type : qualified
Except for the matters described in the Basis for Conclusion, the AI system was designed and documented in conformity with the Basis for Conclusion

Qualified matters include material or possibly material findings: see findings register.
This conformity assessment was conducted in accordance with the UAGF-TAM audit protocol (v1.0.0), applying the methodology. The assessment covered admitted intake artefacts, phase reports, verifier critiques, the T17 compliance matrix, and CGSA

Executive summary

Autonomous AI audit complete for engagement eng-cd2d13e6. Final verdict: PASS_WITH_OBSERVATIONS. KPI0=n/a, KPI1=n/a, KPI2=n/a

Final verdict : PASS_WITH_OBSERVATIONS
